NOTE:

This can be played with **any version of
Taco Cat Goat Cheese Pizza!**

1 PLAY AS NORMAL

Choose your favorite character, place it on your hand, and play the game, slapping the pile with your mitten on your hand for ultimate fun!

**As a reminder – here is
how you play the
normal game!**

TIP: If right handed, wear character on right hand and flip your cards with your left hand so your more dominant hand can slap quickly!

2 ROTATE TO THE LEFT

After a special card comes up (Example: Narwhal, Gorilla, or Groundhog) and the play is completed, all players rotate their mittens by giving it to the person on their left.

EXAMPLE When a Narwhal, comes up, everyone does the “Narwhal” action, slaps the pile and the last person to slap takes the cards. Then, everyone removes the mitten from their hand and gives it to the player on their left.

3 TRIPLE MATCH? YOU CHOOSE.

When a player is the first to slap the pile and the card and word matches their mitten, they choose who has to take the cards!

EXAMPLE Imagine you are wearing the Taco, the taco card is played and the taco word is spoken. If you are the first player to slap the pile in the middle, it will be a triple match! You then get to choose who has to take the pile of cards in the middle. It does not have to be the player who slapped the pile last, it can be anyone!

WARNING: Game involves physical contact. Play at your own risk.
